01 / Ideas on paper

Select, edit, highlight and annotate native PDF text.

A clear document makes ideas easier to share.

Follow the mountain route and stop near the quiet lake.

Move a word into the open space, or duplicate it for a new idea.

Use a highlight to keep the important parts in view.

Space for your annotations

Try text, a drawing, a shape or a signature below.

02 / Find and protect

Search native text, select a QR code and redact fictional information.

Project: Mountain notebook

Contact: alex@example.com

Reference: DEMO-2042

The mountain route is ready for review.

A safe example link

example.com/proview-demo

Select the code without opening it.

03 / Fill a form

Text, choices, validation and reset - save and reopen to verify.
